ABOUT TO RESIGN

PRESIDENT FENG KWO-CHANG
President Feng Kwo-Chang, of China has decided that ruling a nation is quite a job and wants to resign. In a remarkable mandate he bitterly reproaches himself for his country's political troubles. He declares he is too weak for the burden of ruling China and forecasts his retirement from the presidency when order is restored.

DOVER IS SHELLED BY U-BOAT

Enemy Submarine Appears Off Dover Early This Morning and Fired 30 Rounds Into City.

(By Associated Press Cable)
London, February 16.—An enemy submarine bombarded Dover early this morning, it is officially announced. The submarine was fired on from the shore and ceased the bombardment after some 30 rounds had been fired.

One child was killed and three men, one woman and three children were injured. Slight damage was done.

TO TAKE OVER FRENCH BOATS

(By Associated Press Cable)
Paris, February 16.—A decree published in the Journal Official this morning provides for the requisitioning of the entire merchant marine of France on March 10th.

The French action presumably is taken with the same end in view in pursuance of the co-ordinated policy of the nations at war with the Central Powers.

ENEMY ALIENS ARE INTERNED

(By Associated Press Dispatch)
Cleveland, O., February 16.—Seven enemy aliens who have been held here in the county jail for several weeks were taken to the Columbus barracks today from where they will be transferred to Ft. Oglethorpe, Ga., for internment for the period of the war.

Five of the men are from Cleveland, one from Akron and one from Youngstown.

WILL DISCUSS SUB. POLICY OF GERMANY

indications That Teuton Submarine Policy is To Receive Attention In Near Future.

Naval Heads Called for Conference With The Kaiser—Activities On Western Front.

(By Associated Press Dispatch)
Emperor William has summoned the heads of the German navy to imperial headquarters for a conference and it is announced that Vice Chancellor will make an announcement shortly in the Reichstag on the government's future submarine policy.

Except on the American sector east of St. Mihiel there has not been much fighting on the western front.

American positions have been subjected to a bombardment of gas shells which lasted two hours and the American and enemy artillery and airmen have become more active.

The poisonous fumes from the German shells remained over the American trenches three hours, but there were no casualties. Large numbers of enemy airmen sought to cross the American lines, but could make no progress against the aerial and artillery defenses.

American gunners have bombarded the German rear lines and communication with good effect.

With the British and French armies Friday, the day the Germans advertised they would attack in force, passed more quietly than previous days.

On the northern end the patrolling activities were light but the German artillery was more active than usual in the Cambrai sector.

Fighting activity on the Italian front is light.

That part of Russia dominated by the Bolsheviks has withdrawn from the war and from all war alliances, and has little fear of a German invasion. The all-Russian central executive committee of workmen's and soldiers' councils has approved the action of the Russian representatives at Brest-Litovsk. Members of the committee said the masses of Germany and Austria would not permit a further offensive by their governments.

THIS WOMAN REAL PATRIOT

(By Associated Press Dispatch)
Cleveland, O., February 16.—A patriotic desire to "do her bit" to aid her country in winning the war has caused Mrs. C. L. Stroup, a Cleveland woman, to seek a home for her four-year-old son for the duration of the war. She is willing to make this sacrifice in order that her husband may join the colors, she said. The couple also have offered their home and contents for sale.

BULGARIA TO TRY 'EM AGAIN

(Associated Press Cable)
Amsterdam, February 16.—Bulgaria has resumed diplomatic relations with Russia, according to a Sofia telegram published in German newspapers.

NEW KIND OF GAS

Amsterdam, February 15.—The German newspapers, speaking of the great offensive which the say, Hindenburg is going to launch in the west, say that the army has a new poison gas of surpassing effectiveness, which is being reserved as a surprise for the Americans.

GETTING NEWS FROM THE FOLKS BACK HOME

GERMAN COMMISSIONERS IN PETROGRAD SENT HOME

Russians Too "Preoccupied With Other Business" and Decline to Hold Further Discussions With Teutons 'Tis Said.

Washington Sees Tuetons Stumped by Ruse of Trotsky Which Halts Troop Movements to Western Front.

(Associated Press Cable)
Berlin, February 16, via London.—The commissioners representing the Central Powers left Petrograd and crossed the German lines this morning.

At the first session of the Brest-Litovsk peace conference provision was made for supplemental negotiations at Petrograd to be carried out by commissioners representing Russia and the Central Powers.

The exchange of prisoners, resumption of commerce and various other questions were referred to the commissioners. When the negotiations were broken off the commissioners remained in Petrograd.

Their withdrawal now may be in consequence of the decision to renew military activities against Russia, which was reported in press dispatches from Holland yesterday to have been reached at a conference this week at German Imperial headquarters.

RUSSIA TOO BUSY TO CHAT GERMAN

(By Associated Press Cable)
Amsterdam, February 16.—Complaint is made in a semi-official note received here from Berlin that the German commission in Petrograd is experiencing increasing difficulties. Conversation of the members of the commission with the Russian leaders is impossible, it is said, because the Russian authorities declare they are pre-occupied with other business.

TROTSKY HAS THE GERMANS STUMPED

(By Associated Press Dispatch)
Washington, February 16.—Official Washington's opinion of the Bolshevik foreign minister Trotsky's decision for no war and still no peace with

Germany is that Trotsky has placed Germany in a military and diplomatic predicament.

Movement of German troops from the Russian front have been stopped and it is believed by military men here that no further withdrawal of forces can be made until Berlin decides on a policy toward the Bolsheviks.

Germany, by repudiating the no-annexation policy, officials here think, has widened the breach with the Socialists, who cried for peace.

AUSTRIA REFUSES

(Associated Press Cable)
Amsterdam, February 16.—A Vienna telegram ascribed to "a well informed source" the statement that if Germany resumes military operations against Russia the attitude of Austria will not be influenced thereby.

A full agreement on this point is said to have been reached by the Central Powers.

SLEDGE BLOW FOR LOAFERS

(By Associated Press Dispatch)
Trenton, N. J., February 16.—Loafers tramps and other idlers of the male sex now will have to go to work in New Jersey.

This was settled today when Governor Edge signed a bill passed by the legislature providing that such persons would be conscripted to some useful employment during the war.

OUT ON A STRIKE

(By Associated Press Dispatch)
New York, February 16.—The number of shipyard workers on strike in the New York district as announced this afternoon, was 10,000, who had struck in 40 out of the 65 yards of the district.

THE WEATHER

Washington, February 16.—(Associated Press Dispatch)—Weather predictions for the week beginning Sunday, issued by the Weather Bureau today, are:
Ohio Valley and Tennessee, cold and fair Monday and Tuesday; rising temperature Wednesday; local rains. Conditions for last part of the week uncertain.

AMENDMENT TO THE DRAFT BILL

(By Associated Press Dispatch)
Washington, February 16.—Amendment of the draft law so as to exempt citizens or subjects of neutral countries who have declared their intention to become American citizens is proposed in a bill prepared by the War Department in conjunction with the State Department and introduced today.

RED CROSS GOODS LOST

(By Associated Press Dispatch)
An Atlantic Port, February 16.—Fire in the hold of the Scandinavian American steamship Minsk here today made it necessary for firemen to open the vessel's seacocks permitting the ship to sink in the mud at the pier. The loss is estimated at \$500,000.

The ship's cargo consisted of a large amount of Red Cross stores and cotton.

TOLEDO GROWING

(By Associated Press Dispatch)
Toledo, O., February 16.—Figures compiled recently by Thomas Davies, a real estate man here, show that Toledo is more than 204 times as large as it was in 1850. In 1850 the population was only 1,222, whereas it is estimated at 250,000 at present.

INCREASE IN WAGES GIVEN SHIP WORKERS

The Striking Carpenters In New York Not Included In Order, However.

Wage Adjustment Is Expected To Quiet The Unpatriotic Workers For Sometime.

(By Associated Press Dispatch)
Washington, February 16.—The shipyard board's wage adjustment board today agreed on an increase in wages definite working conditions and overtime pay for all shipyard workers in the so-called Delaware yards, comprising about 60 percent of ship workers on the Atlantic coast.

It does not include the striking carpenters but is expected to affect their strike.

Many of the striking carpenters, however, despite the advice of their union officials, have signified their intention of accepting the awards.

The new wage scale is not as high as the Pacific coast rates, nor as high as the New York strikers demand, but will be the model for settlement in other districts on the South Atlantic and Gulf.

CHARGE LETS GO FARMER IS KILLED

(By Associated Press Dispatch)
Wilmington, O., February 16.—By the explosion of a heavy charge of dynamite under a stump, Thomas Denning, 70, prominent farmer of Highland, in Highland county, was almost instantly killed.

The charge had failed to explode after a few minutes from the time the fuse was lighted and Mr. Denning was investigating when the explosion came.

ROBERTSON HAS RESIGNED

(By Associated Press Cable)
London, February 16.—General Sir William Robertson, chief of the British staff, has resigned, it was officially announced this evening.

General Wilson, sub-chief of staff, takes the vacated place.

General Robertson was unable, the statement says, to accept a position as military representative on the Supreme War Council at Versailles or to continue as chief-of-staff of the Imperial General Staff with limited power.

A DANGEROUS MAN NABBED

(By Associated Press Dispatch)
San Francisco, February 16.—A warrant charging the forging of a government stamp used to signify that billets of steel have been adjusted suitable for government work and that this forged stamp has been placed on defective steel sold to the United States, was issued by a United States Commissioner today against Prosper J. Forrest, son of the owner of the Edwardson Foundry Company.

Forrest already is in the custody of the police. His action, according to the government officials here "endangered the lives of thousands of United States soldiers who have been ordered to Europe."

WEDS SINGER

MRS. DANIEL M. CLEMSON
Daniel M. Clemson, Pittsburgh millionaire and former partner of Andrew Carnegie, and his bride, who was Miss Christine Miller, a concert singer, are on their honeymoon in Chicago. Mr. Clemson is sixty-five years old and his bride less than half his age. Mr. Clemson, it was said, has planned to build his bride a \$500,000 home in Pittsburgh. Miss Miller is a Scotch girl and had the distinction of being one of the highest paid choir singers in the country. Just before the war she made a four-months' concert tour of Europe.

BODIES WASH ASHORE NEAR GOTHENBURG

Naval Engagement is Believed to Have Been Fought With Germany the Loser.

(By Associated Press Cable)
London, February 16.—Belief that a naval engagement has occurred is expressed in a dispatch received from Gothenburg. The dispatch reports the recovery of a large number of bodies of German sailors who apparently belonged to a warship.

Gothenburg is on the western coast of Sweden and is near the Skagerrak, which has been the scene of previous naval engagements.

KALEDINES IS THOUGHT DEAD

(By Associated Press Dispatch)
Washington, February 16.—The American consul at Tiflis today transmitted an unconfirmed report that General Kaledines, the Cossack leader in the Ukraine, who resisted the ambitions of the Bolsheviks, has suddenly dropped out of sight and is now said to be dead.

NO MOVEMENT OF SOLDIERS

(By Associated Press Dispatch)
Washington, February 16.—Railway freight congestion on eastern lines and the necessity of moving the last contingent of the national army will prevent any extensive movement of soldiers to cities for parade on Washington's birthday. Director General McAdoo explained today.

59 ADDITIONAL MEN OF CLASS NO. 1 CALLED FOR FEB. 21

Physical Examination of More Class One Men is Set for Thursday of Coming Week—Total of 320 Men Have Been Called and Class Not Yet Exhausted.

Saturday morning the Local Board issued notice calling 59 additional men of Class One for physical examination on Thursday, February 21st, part of the men appearing at 12:30 p. m., and the remainder at 1:30 p. m.

The men called for examination, together with the 261 previously called brings the total up to 320, and there are probably more than 100 additional men in the first class.

The men called, together with their order numbers are:

RAINSBORO FAIR LOSES COUNTY AID

By a recent decision of Judge Frank C. Carpenter, in the case of the Rainsboro Fair Company against John F. Ridgway, Auditor of Highland County, the plaintiff lost the action for county aid in the sum of \$150 for paying part of the costs of the Rainsboro fair for 1917.

Under a special statute the commissioners are authorized to make a levy of that amount for an agricultural society.

The levy was made, but the commissioners made it for three fairs, Rainsboro, Leesboro-Highland and Hillsboro. Judge Carpenter held that none of them are entitled to the money.

Y. M. C. A. FUND PAYING DIVIDENDS ON A LARGE SCALE

What Money Given by Fayette Countians and Others is Doing Toward Making Life More Pleasant and Keeping Up the Morals in Camps.

Contributions made by the residents of this city and Fayette County to the national war fund of the Y. M. C. A., which has now reached \$60,000,000, are already paying big dividends in the lives of boys who have gone from here to receive their military training at Camp Sherman. According to advices which have reached here the Y. M. C. A. huts in the camps never have been so popular as during the recent cold weather, when thousands of enlisted men were driven inside the buildings for their amusements, games and letterwriting. The cheery open fireplaces, the phonographs and pianos, books and magazines form a happy combination that spells "home" to the boys away from home.

A host of persons in this community have received letters from Ohio and West Virginia books on Y. M. C. A. or Red Triangle stationery which is issued without cost to every man in uniform.

At Camp Sherman recently a total of \$86,425 letters were mailed by the Y. M. C. A. in a single month, all of them having been written at the benches in the nine Y. M. C. A. huts.

Because of the more than one million soldiers and sailors to be served in many respects, the Y. M. C. A. has had to move in a big way. Announcement is made that new construction in the central military department amounting to \$150,000 is now being made. This will provide two officers' clubs in each cantonment, as well as huts to adjoin the base hospitals.

The latter will be equipped with fireplaces, books, magazines, phonographs, writing tables and stationery for use of convalescents.

Y. M. C. A. accommodations have been provided already in more than 150 centers in France for the soldiers in Pershing's expedition. At the present time there are more than 1,000 American Y. M. C. A. secretaries in the war zone promoting for Uncle Sam's boys, the same program they have enjoyed in the big camps of this country.

WIDOW IS AWARDED \$5,000 IN DAMAGES FROM TRACTION CO.

On July 6, 1916, Frank R. Leist, a business man of Kingston, Ross county, was crossing the Scioto Valley Traction Company's track in that place when his large Studebaker automobile was struck by a traction car and hurled 30 feet onto the cattle-guard while

the track, sustaining injuries from which he died a few hours later.

Some time ago a damage suit was instituted by the administrators of the Leist estate against the traction company, the case coming to trial on Wednesday of this week, before Judge Golsbury and a jury at Chillicothe. A verdict for \$5,000 for the plaintiff was rendered by the jury at 9 o'clock Thursday night. The beneficiaries are the widow, Mrs. Jane Leist, formerly Miss Jane Blanchard, of this city, and her 14-year-old son, James, both of whom now live at Kingston.

It is understood that the verdict principally grew out of the excessive speed that it was shown the traction car was traveling through the village, the motorman on the car testifying that the car was going 35 miles an hour and he could not stop it in time to prevent the collision with the automobile.

The attorneys for the plaintiff were J. D. Withgott and Walter Bonlenger, of Chillicothe, and those for the traction company were John Todd of Columbus and Addison P. Minshall of Chillicothe.

MANY CARELESS CITIZENS REPORTED

Reports have been made of quite a few citizens in this city and county, who have so far forgotten their patriotism and loyalty in their country that they have not been obeying the orders of the United States Food Administrator, Hoover with respect to the meatless and wheatless days.

It is understood that the names of a number of such citizens have been obtained very quietly and that in the near future they may be visited by persons clothed with authority to aid them in remembering the orders of their government.

In some instances, the proper observation of the days set apart as wheatless and meatless is due to the fact that a member of the family does not like the substitutes, and as a result, just that much more of the forbidden food is taken away from helping win the war and someone has openly violated the orders of the government.

MOTION OVERRULED BY APPEALS COURT

WILL OPPOSE THE ROTATION RULE

Chillicothe, O., February 16.—An effort will be made at the next Democratic convention to break the one-term rotation rule which has held in the Fifth-sixth State Senatorial District for many years, to two terms, politicians here stated today. Opponents of the old-time rule say that it takes a statesman all of one term to learn the ropes and be really useful. Fayette County is back of the move to break the old regulations.

WAR ON CANINES TO BEGIN MONDAY

War on Fayette County's canines will open Monday, and the first offensive will be directed against the surplus of dogs in this city, after which the campaign will be general, and Deputy Sheriff, A. C. Nelson will "go over the top" wherever necessary to put an end to the surplus dogs that have infested the city and county for so many years.

All dogs not wearing collars and bearing tags on the collars, will come under ban and will be taken in charge by the dog catcher, placed in the pound, and after the required period of three or four days, will be "destroyed."

At a special meeting of the County Commissioners on Friday, arrangements were made for the work to open Monday morning, and only the sanction of the court was necessary to have everything ready for the general offensive.

Arrangements are being made for the pound and equipment necessary to properly conduct the work.

All dogs must wear collars and the 1918 tag to escape the dog catcher.

CAPTAIN AND NINE OF CREW GO DOWN

(By American Press)

New York, Feb. 16.—Traditions of the sea were upheld heroically by Captain E. Williams and nine members of the crew of the British steamship Miguel De Larrinaga, who volunteered to perish that others might live when the vessel foundered in mid-ocean Feb. 6, according to survivors who arrived here from a Newfoundland port.

Rather than overcrowd the lifeboats, containing 27 men, Captain Williams announced his purpose to stick to his ship, which was fast sinking. He called for nine volunteers to remain with him, and make the boats safe for the others. Two of his officers, a gunner and six seamen lined up beside him and declared they were willing to take a chance of being rescued before the ship sank. A British warship sighted the vessel and boats were launched, but the fury of a hurricane made it impossible to take off the 10 men, who for 40 hours had clung to the half-submerged ship, knocked about and pounded by heavy seas.

At intervals during the night the 10 men sent up rockets to hearten the rescuers, but the signals ceased after 3 a. m. At daybreak only patches of wreckage marked the spot where they had gone down.

THROW PEPPER AND GET \$5,000

(By American Press)

Cleveland, Feb. 16.—In one of the most daring daylight holdups, two bandits threw pepper into the eyes of Lewis J. Sadler, cashier of the Cottage Creamery company, and robbed him of more than \$5,100 and escaped.

Sadler was on his way from the company's downtown office to deposit the money in a bank. The two men stepped from behind a building and one of them threw pepper into the cashier's eyes, blinding him momentarily. Both bandits covered their man with guns and one of them seized the money bag. He handed it to his companion, who ran, while he stood guard over Sadler with drawn revolver. A moment later, after threatening Sadler not to make an outcry, the second bandit followed the fleeing man and both disappeared.

S. G. Southard, manager of the creamery company, said the bag contained \$2,275.98 in currency and \$2,827.75 in checks.

BAPTISTS ENGAGED IN OBTAINING FUNDS

W. H. Alexander, head of the Weather Bureau at Columbus and chairman of the Columbus district in the Ohio Baptist campaign for war work has issued a call and invitation to the setting up meeting and banquet for the Columbus district. This will be held at the Y. M. C. A., Columbus, Monday, February 25, beginning at two o'clock in the afternoon and concluding with dinner in the evening.

The district comprises the counties of Marion, Union, Delaware, Licking, Fairfield, Logan, Franklin, Pickaway, Madison and Fayette.

Among the speakers will be Henry T. Bailey, dean of the Art School, Cleveland, and Dr. C. W. Chamberlain, president of Denison University, Granville. There are between 45 and 50 Baptist churches in this district, all of which are to be represented. The larger churches are expected to have several representatives.

Although the district has not yet been organized and the campaign runs to the end of March, Mr. Alexander already has been receiving checks towards the Columbus district quota of the \$100,000 to be raised in the state. Mr. Alexander's district is scheduled to produce \$5000. The state movement is part of a nation one to raise funds to carry on church work of various sorts including work at the cantonments during the war and to be prepared for an aggressive campaign of extension after the war.

National Week of Song

Next week Ohio will join with every state of the union in the national week of song, during which every man, woman and child throughout the land is expected to learn our foremost patriotic songs so that they can sing them with out books.

The idea is one which meets with general approval. These are days when patriotic songs mean more than ever before and their sentiment and spirit come with new appeal.

The three great songs of the United States, "America," "The Star Spangled Banner" and "The Battle Hymn of the Republic" have in them the capacity to stir patriotism as have no other songs.

New songs, patriotic in sentiment, immensely popular and specially in sympathy with those features which make this war unlike any war of any age, have been produced during the last year. "Keep the Home Fires Burning" is beautiful and inspiring; "Over There" has the "pep" and the swing, and "Long Boy" has a pathos all its own even while its merry jingle brings a smile. But these popular songs of a different day lack the dignity and the depth and the years of association which have so strongly welded patriotic love for our national songs until they have become an actual part of our life.

With all their familiarity, many do not know the words and cannot sing these songs without music. It is expected that by the end of national song week everybody will really know them.

The public schools, of Ohio, in response to the urging of the state Superintendent, will take an active part in making the week a success. In our own town the schools and the community sing have already done a big part towards increasing familiarity with these songs, the learning of which is now advocated by the government.

The Country's "Business Barometer"

The buying season is on in New York and from reports that come westward merchants have turned out in force and everything points to a big Spring and Summer business.

New York hotels at this season are often cited as the country's "business barometer." Empty hotels indicate coming dull business just as truly as stormy weather comes when the "witch" takes indoors her children. Hotels crowded portend just the reverse.

This study of the hotel barometer is most encouraging. It is claimed that every hotel in New York is thronged with out-of-town guests. No season has ever witnessed more buyers from every section of the union. Nor are they in the market merely to feel the business pulse.

They believe that there will be plenty of money for "trade" to spend and after the long, hard winter spenders will be plentiful.

The merchants have had their full share of trouble during the past year. The congested transportation facilities the difficulty in getting raw materials and the inability of manufacturers to fill all orders at the time needed, together with the steadily advancing prices, have worked hardships galore upon retail business.

But in New York merchants have shown no signs of the worries. On the contrary they are optimistic and expect to find ready market for their purchases.

Of course there is some difference in this season's buying from the usual. The demands of the public have changed with war conditions and there are many lines difficult to secure. This makes buying more difficult than under normal conditions.

'Taint No Use

We have no sympathy for the stupid. People who are cold because they cannot procure coal, or hungry because food costs too much, or tired because they have to work too hard, have only themselves to blame. The Government provides a ready means by which all the major ills of life can be banished. A man or woman, German preferred, has only to attempt to fire a military magazine, photograph a fort or tamper with the loyalty of our soldiers and a tender-hearted Government, which still regards a bloodless war as the highest achievement of statesmanship, will kindly provide luxurious quarters with plenty of heat, good and abundant food and free medical attendance and amusements in a soft and pleasant climate, where the bill collector is unknown and the mandate of the Food Administrator and the Fuel Controller has no force. While loyal Americans go cold and hungry the German spy is pampered and coddled and lives a life of ease and comfort in the Sunny South. We do not complain, but we confess to a feeling of envy when we write on a heatless Monday and think of the delights of being "interned" in a first-class hotel in the sight of waving palms and enjoy perpetual sunshine. Nor do we blame the humanity of the Administration; we simply wonder—but What's the use?—George Harvey's War Weekly.

Poetry For Today

ALL IN THE STATE OF MIND

If you think you are beaten, you are;
 If you think you dare not, you don't.
 If you like to win and you don't think
 you can
 It's almost a cinch that you won't.

If you think you'll lose, you're lost.
 For out in the world we find
 Success begins with a fellow's will;
 It's all in the state of mind.

Full many a race is lost
 Ere even a step in run.
 And many a coward fails
 Ere even his work is begun.

Think big and your deeds will grow,
 Think small and you will fall be-
 hind;
 Think that you can and you will,
 It's all in the state of mind.

If you think you are outclassed, you
 are;
 You've got to think high to rise,
 You've got to be sure of yourself be-
 fore
 You ever can win a prize.

Life's battle don't always go
 To the stronger or faster man,
 But sooner or later the man who wins
 Is the fellow who thinks he can.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

ALL ARE ENGAGED IN U. S. SERVICE

By Associated Press Dispatch.

Cleveland, O., February 16. — The people of Bratenahl, a suburb of Cleveland, declare that more persons in the village, in proportion to population, are engaged in real war work than in any other community in the state.

The villagers say that practically everybody in Bratenahl is doing war work. Fathers and brothers are either in the military service or doing civilian war work, and mothers and sisters are doing Red Cross work or helping the food conservation movement.

The town hall has been turned over to the Red Cross; "millionaires' row" along Lake Shore boulevard is represented in every department of the government service; a number of the village women have gone to France for the Red Cross; Bratenahl money has poured in a continuous stream into the coffers of the government, and large real estate holdings have been donated for the use of war charities.

The announcement of the approaching marriage of Miss Marie Lanum, daughter of Dr. Clayton Lanum, and Mr. Frank C. Reed, son of Mr. and Mrs. J. L. Reed was made Friday night at a six o'clock dinner of beautiful appointments, given by Miss Prudence Culhan.

St. Valentine decorations were happily in accord with the affair. In the table embellishment a pink and white color scheme was exquisitely carried out in sweet peas, hearts and brightly burning tapers.

Seated with the honor guest were the friends of her closest intimacy. The announcement that the wedding would take place in March was made in pretty valentines, which marked each cover.

A shower of good wishes followed, for both the attractive bride-elect and her fiancé, are immensely popular and the only thing which is a source of regret, is that their future home will be made at least for the present in Cincinnati where Mr. Reed holds the position of city salesman with the Goodyear Rubber Co.

Mrs. Will E. Klever and Miss Mabel Larrimer gave a St. Valentine's shower for Mrs. Albert Bachert (nee Fannie Hyer) who is leaving soon for Springfield, where Mr. and Mrs. Bachert expect to make their future home.

It was a charming past nuptial affair in which the bride of the holidays was showered with all manner of gifts, both beautiful and ornamental, her friends expressing the sorrow they feel over her going away in sonnets which will be much appreciated in the new home.

Mrs. Klever's pretty home was gay with St. Valentine suggestions, of which chains of scarlet hearts formed the leading feature.

As the strains of "Oh Promise Me" came from the piano the honor guest led the way to the dining room. Here the gifts were showered from a floral splinker, suspended from the overhead chandelier. Festoons of scarlet hearts hung from the scarlet flower shades of incandescent bulbs and the effect was brilliant and effective.

Twenty-five young women participated in an evening of memorable pleasure and gaiety.

A delicious two course luncheon was served, Mrs. Elmer Klever and Miss Lida Eckles assisting the hostesses.

Mrs. Bachert was looking very lovely in her wedding gown of white georgette and crepe; at her belt a corsage of lavender hyacinths.

Both the hostesses wore gowns of white georgette.

Mrs. Earl Johnson, Mrs. John Meade, Mrs. H. D. Cockerill and Mrs. Nina Porter were out of town guests.

Miss Mary Weaver is home from Delaware spending the week-end with her parents, Mr. and Mrs. Edwin Weaver.

Carl Bishop is home from Indianapolis visiting his parents, Mr. and Mrs. William Bishop.

GLASCOCK FARM 750 ACRES SELLS

The largest real estate deal in Fayette county this winter has been consummated, whereby J. L. Rothrock of this city becomes owner of the Georgiana Glascock farm of 750 acres located nine miles north of this city on the Prairie pike.

Mr. Rothrock closed the deal Friday and while the farm passes into his ownership, it will be early in 1919 before he assumes control of the big farm.

The farm in question is probably the largest in northern Fayette, and is regarded as one of the best farms in Fayette county, much of the ground being black soil, and watered by Paint creek which passes through the estate.

For a great many years the farm was noted for the Glascock tile mill which was previously located on the farm, and the tile from which was largely used in draining the low grounds of the surrounding region.

The purchase price of the farm was not announced.

Another of the weekly dinners was served to the Juniors of the Y. M. C. A. today at noon. The menu consisted of hamburger steak, mashed potatoes and gravy, stewed corn, plums, bread, butter and cocoa.

DEATHS

BENNETT

Mr. and Mrs. Oscar Bennett of East Paint street, have the sympathy of their many friends in the loss of their little daughter, Lawanda L., who died this morning at 3:30 o'clock, aged three years.

Funeral services will be held Monday afternoon at 2:00 o'clock at the home. Burial will be made in the Washington cemetery.

SPEARS

Henry Spears, aged 76, one of the aged colored residents of Bloomingburg, and presiding deacon in colored Baptist church of that village for many years, died at his home Saturday morning at 4:30. Burial announcement will be made Monday.

BUSINESS SESSION OF THE RED CROSS

Officials of the local Chapter of the American Red Cross held a business session at the Y. M. C. A. Friday night for the purpose of discussing various important questions confronting the Red Cross in this county.

President T. H. Craig presided over the session, and gave an interesting account of a recent trip to the Lake Division headquarters at Cleveland, and the many new things connected with the work that came to his attention while at headquarters.

One of the most important topics under discussion were plans for civilian relief to assist in the care of soldiers' families during the period of the war.

This is a very important part of the Red Cross work, and is to receive proper attention in this county, although it will require several weeks to get the department working freely in all parts of the county. A chairman in each precinct will be added to the committee already named.

Various financial problems were discussed at some length and definite plans arranged accordingly.

The progress of the work was reported upon and the commendable work of the Red Cross in Fayette County is something of which the entire county may well feel proud.

Complete reports will be available within the next few days, and the figures will speak for themselves.

GREEK PRINCE WEDS AMERICAN WOMAN

PRINCE CHRISTOPHER OF GREECE

Prince Christopher of Greece, youngest brother of the deposed King Constantine, is reported to have wed Mrs. William B. Leeds, wealthy American widow. The couple were married in Switzerland, where Mrs. Leeds has been staying with her son, who is in delicate health. Mrs. Leeds is the widow of William B. Leeds, one of the leaders in the tin-plate industry in America, from whom she inherited about \$14,000,000.

SUDDEN DEATH "CAPT" BAUGHN

The community was greatly shocked to learn of the sudden death of Mr. Austin Baughn, general known as "Capt. Baughn," at his home on the Jeffersonville pike, Saturday morning at 2:30. The summons had come with entire unexpectedness. Mr. Baughn having been in his usual health until taken ill about half past eight, Friday evening.

To his family the great loss, combined with the shock, is overwhelming and the deepest sympathy of many relatives and friends is aroused.

Belonging to one of the large and well known families of the county and possessing a genial and kindly nature which won friends easily, the regret which attends Mr. Baughn's death is widely extended. He was 57 years of age and has been most of his life actively engaged in farming.

Mr. Baughn is survived by a widow and one son, Roy; four sisters and six brothers. Mrs. A. Jones, of Zanesville; Mrs. Nettie Simms, of Columbus; Mrs. Eldora Stinson and Mrs. Viroco Wood; Messrs. Noah, John, of Jamestown, Elmer, Charles of S. Charleston, Mont. of Columbus and Roscoe.

Funeral services will be held Monday at 2 p. m. at the Sugar Creek Baptist church. Rev. Phillips, of Granville will officiate, assisted by Rev. Wm. Boynton Gage, of the First Presbyterian church.

Burial will be made in the Washington cemetery.

ALLEGED FORGER AGAIN ARRESTED

Early Saturday morning the police received word that Ed. Suttles, wanted on a charge of forgery in Ross county, was coming in the direction of this city, and to be on the watch for him.

Within twenty minutes after the notice was received Suttles was arrested by the police just as he was about to change trains here for Xenia.

He was lodged in jail, and the marshal from Frankfort took him back today.

Suttles passed a check on one of the merchants in Frankfort, forging the name of George Parks.

Suttles has quite a record in this county, and upon two occasions has been sent to the State Reformatory for forgery. At one time he forged the name of J. A. Brock, of Milledgeville, to a check.

MAN IS HELD

By Associated Press Dispatch.

Columbus, O., February 16.—When Detectives Donaldson and Nicholson went to a hotel to investigate the robbery claim of R. W. Gehman, of Kingston, Ohio, they found him in the uniform of a United States army officer. However, he did not have credentials or a draft card and he is being held for the federal officials.

WOMEN OF COUNTY REORGANIZING DEFENSE COUNCIL

Permanent Organization of Fayette County Women is Sought to Assist Fayette War Work Council and Co-operate in War Work Generally.

An important meeting is being held at the Federated club rooms in the Y. M. C. A. this afternoon for the purpose of reorganizing the Fayette County "Women's Committee" of the Council of National Defense. It is the intention to establish this organization permanently, to work in co-operation with and under the sanction of the Fayette County War Work Council.

Purpose of the Council of National Defense.

The status and purpose of the C. N. D. and its auxiliary branch, the Woman's Committee, C. N. D., to many in this community is vague and the necessity for its active organization has not been generally realized because not clearly understood.

When the war was first eminent the council of National Defense, authorized by an act of Congress, was formed and comprised fifty men—"dollar a year men"—the highest authorities in their own fields in the land. Among them were members of the cabinet, Mr. Davison, the head of the Red Cross, Mr. Garfield, at the head of the fuel administration, and Daniel Willard, railroad head. On this board was one woman, Mrs. Anna Shaw, who organized in every state the women's committee of the Council of National Defense, of which she is the head.

This was done at the outset of war's preparations, when the Red Cross numbered but 200,000 and before it had reached the four million membership which, at the end of two months activity, so astonished the country.

Women eager to do their part formed various organizations for relief work and did splendid work, but as the magnitude of the work became realized, it was found that the co-ordinating of these various branches into the government organizations would add immensely to the results obtained.

So the purpose of the Woman's Committee of the Council of National Defense is "to co-ordinate the activities and the resources of the organized and unorganized women of the country that their power may be immediately utilized in time of need and to supply a new and direct channel of communication and co-operation between women and governmental departments."

It is in line with this big purpose that the local branch is re-organizing, to see that women's activities are established and are handled with authority. While accountable to the Columbus headquarters nothing will be done without the consent of the War Work Council.

Departments of Work. The departments of work of the Woman's Committee include: Registration for Service; Food Production and Home Economics; Food Administration; Women in Industry; Child Welfare; Maintenance of Existing Social Service Agencies; Health and Recreation; Educational Propaganda; Liberty Loan and Home and Foreign Relief.

In this county the Red Cross is so well organized to take up relief work that in conjunction with the work of the War Work Council, there are comparatively few things that the local C. N. D. need establish, but it will be ready for any emergencies that may arise.

First Work Established. The first work which comes up under the local C. N. D. is that of the Camp Sherman community fund, which is being taken up this afternoon.

The subject is being presented by Mrs. Charles Parish, of Hamilton, and Mrs. Cooper Procter, of Cincinnati, who have been actively engaged in the work of securing the greatly needed fund.

TO REGISTER FOR SURGICAL DRESSING

Those women who wish to take up the surgical dressing work must call at headquarters in Memorial Hall, before next Wednesday noon.

This work will be conducted by the Red Cross work room Managers and the instructors will be those women, who have been taking the course the past week, under the able direction of Miss Martha Campbell.

Each woman must provide herself with a long sleeved apron, head covering and pair of scissors.

RED CROSS ACTIVITIES

Work Room Days.

The Red Cross workroom in Memorial Hall will be open from now on on Tuesday, Wednesday and Friday afternoons, and closed on Monday, Thursday and Saturday afternoons.

Women Must Register for Surgical Dressing Class.

Those women who intend to take up Surgical Dressing work are asked to register at headquarters in Memorial Hall before Wednesday noon. They can call in if they are not at the workshop.

This branch will be conducted by the surgical dressing workroom managers, those women who have taken the training under Miss Campbell and will direct the work of classes which will be organized the first of the week.

The surgical dressing class will be conducted in the workroom for that branch in the Y. M. C. A., on Monday, Tuesday, Wednesday and Thursday.

Each woman enrolling must provide herself with a long sleeved apron, head covering and scissors.

The great importance of the surgical dressing work cannot be emphasized too strongly and it is hoped that a large number of town and county women will register and take up the work. The women now receiving instructions in the training class will be thoroughly competent to give directions.

Good Work of Jeffersonville Unit. Various Red Cross units throughout the county are making splendid progress, but none more so than the Jeffersonville Unit.

Since October first, the women of Jeffersonville and the vicinity have been actively engaged in the work as is shown in their splendid report up to date of 56 sweaters, 85 pairs of socks, 15 pair wristlets, 2 mufflers, 159 hospital shirts, 55 suits of pajamas, 69 sheets, 90 towels, 16 comfort pillows, together with 49 small cup covers and 9 handkerchiefs made by the pupils of the seventh and eighth grades.

This report was made by the chairman, Miss Maude Routson, at a recent meeting held at the home of Mrs. George Straley.

Listen To This, Farmer!

"I wouldn't buy a tractor of any make or from any factory which is not backed up by a local service station prepared to meet without delay any emergency trouble which may arise." Such was the statement of a prominent and successful Fayette county farmer in discussing the Tractor proposition. He owns a Tractor and knows what he is talking about and he is right. Tractors are like automobiles and need attention occasionally. Parts wear and parts break and the busy farmer can't afford to hold up his business or crop while a small piece or an "expert" comes from the factory hundreds of miles away.

Our Tractor Service Station

is equipped to give you exactly the service which the farmer quoted says he must have. We have the parts, the tools and machinery and the men. They are yours just when you need them most.

We Sell E-B Tractors

They have always made money for your friends and neighbors who own them. An E-B Tractor will make money for you. And we back them up with the right kind of service.

RED CROSS IS READY TO AID

Provides Loans, Grants and Allowances, Where Necessary, to the Fighting Men's Relatives and Charges No Interest.

By James L. Fieser,
Director, Bureau Civilian Relief, Lake Division, American Red Cross.

Mrs. Brown is in pressing need of funds to meet her grocery bill and the government check for her separation allowance is slow to arrive.

Or there may be sickness, followed by death and funeral expenses, in the Charnoski family circle, for which the government allowance, made because of Private Charnoski's enlistment, is insufficient.

Or aged Mr. O'Reilly, overcome by rheumatism, can no longer support himself and Mrs. O'Reilly. Their only son, Barney, is a gunner's mate on a man of war. Yet there is no government allowance check for the O'Reillys because Barney, for a year or more previous to his enlistment in the navy, did not have to help the "folks" because Father O'Reilly then was able to boss his gang of street menders and keep up the little home on a side street.

It is for the Browns and Charnoskis and O'Reillys that the American Red

Cross, through its chapter Home Service Sections, provides monetary relief in the form of loans (without interest), grants and allowances.

And practically every chapter in Ohio, Indiana and Kentucky is preparing to assist, or has prepared and is assisting the Browns, the Charnoskis and the O'Reillys. They are also preparing to assist relatives of men serving in the armies and navies of our allies.

Fully Explains Loans.

When it becomes necessary for a Red Cross chapter to loan money to an enlisted man's family, the conditions of repayment are thoroughly explained, the obligations put in writing and signed and the collection of the loan carefully followed up when it becomes due. As has already been stated, the Red Cross does not charge interest for a loan.

Grants may be made necessary by demands which the family income and government allowance cannot be expected to provide for, such as sickness, funerals and need of special training to create or increase earning power. Grants in small amounts may be required to tide over a period of acute distress until proper inquiry can be made and a plan of service decided upon.

Allowances are payments at regular intervals of a stated sum by the Red Cross Home Service Sections to the relatives of a soldier or sailor. They are usually limited, though not always, to those not entitled to government allowance, such as, for example, the families of men serving for one of our allies.

One may wonder how a Red Cross chapter, buying several thousand dollars worth of supplies monthly to be made into surgical dressings, woolen socks and convalescent gowns, can spend money for civilian relief work.

Have Civilian Relief Funds.

Last summer American Red Cross chapters raised more than a million dollars for the Red Cross War Fund. Each chapter was permitted to claim a refund of up to 25 per cent of the amount collected for the expenses of the campaign, for the purchase of raw supplies and for its civilian relief work. In making claim for refunds, each chapter was required to state how much of the refund was to be expended for civilian relief. And now the chapters are obligated to keep the civilian relief portion for civilian relief work. To date it has not been necessary to draw heavily from this reserve.

IRRESPECTIVE OF THE DIFFERENCE IN STANDARDS AND COSTS OF LIVING IN THE MANY COMMUNITIES LOOKED AFTER BY RED CROSS CHAPTERS, THE AMERICAN RED CROSS WILL NOT BE SATISFIED WITH CIVILIAN RELIEF WORK THAT WILL PERMIT THE LOWERING OF THE STANDARDS OF LIVING OF THE RELATIVES OF AN ENLISTED MAN. RATHER, ITS AIMS TEND TOWARD A BETTERMENT OF THESE STANDARDS.

FORTY-TWO ENGINES OF THE D. T. & I. IN THE REPAIR SHOPS

At a recent conference between James B. Dugan, chief inspector of the Public Utilities Commission, with officers of the D. T. & I. railroad and coal operators of the Jackson and Wellston district, the management announced that 42 of the road's engines were tied up for repairs as result of the recent blizzards and cold snaps, and that as a result conditions in the mining districts were very bad.

The solution to the problem, it was announced, hinges on obtaining immediate repairs of the engines and additional motive power from other roads.

Twenty-two of the engines are in the road's shops at Jackson.

In this connection, the general manager stated that because the shop pays mechanics and boiler workers 50 to 12 cents an hour, time and a half for overtime, and offers them all the hours they want to work, the men earn enough money in three days a week to lay off the other three.

He declared the road is finding it impossible to keep men steadily at work.

The mining conditions were reported to be these:

Because of the road's lack of power and the attendant absolute cessation of coal car distribution, the between 100 and 200 mines in the Jackson and Wellston district have been shut down for weeks. There are 400 cars loaded with coal in the district that have been standing on track four or five weeks, Dugan said.

Not only is it impossible for the mines to resume work, but it is impossible to move the 400 cars of coal until motive power is supplied.

Hence, Dugan said, it is intended to ask Secretary McAdoo to help remedy the situation by doing two things:

First, authorizing that the loaded cars be rerouted and so gotten out into the state by having other roads pull them out of the district.

Second, giving assistance in supplying the D. T. & I. with motive power.

FATHERS AND SONS BANQUET TICKETS

Plans are being made to feed 400 Fathers and Sons at the annual banquet of the Fathers and Sons to be held at the Y. M. C. A. on Friday evening, February 22, and any father and son in the city and county, or man and boy may enjoy the banquet and speech on war conditions in France as found by Rev. B. D. Evans, of Athens, who will deliver the only address of the evening.

Tickets are now on sale at Haver's Drug Store and are \$1 which means that a father buys a ticket for himself and son at the rate of 50 cents each. Persons desiring these tickets should buy them at once, it is urged, in order to insure a seat at the banquet table.

UNION STATION IS CLEANEST YET!

During his little stop in this city Friday Daniel Willard, president of the B. & O. railroad, declared that the Union Station at this point is the cleanest and best cared for station he had visited since leaving Baltimore.

Janitor Edwards and other station attaches naturally feel just a little bit proud of the words of the B. & O. president.

Double the Supply of Poultry and Eggs in the United States and Increase the Amount of Available Food 1,500,000 Tons

One hundred hens and several hundred chickens on the average farm, rightly managed, can get nearly all their living in spring, summer and fall "from the land." In feeding themselves they will utilize nearly all the waste grain, and consume great quantities of weeds, weed seeds and destructive insects.

One hundred hens and a few hundred chicks can turn a lot of farm waste into good food. Incidentally the poultry will leave on the land valuable fertilizer at the rate of two or three tons for every hundred birds.

One hundred hens on every farm, and one hundred eggs from every hen, mean more poultry and eggs for consumption on the farm, more to sell, more to substitute for red meat, and more power to our arms and the allies.

FOR SALE!

150 COMING 2 and 3-YEAR-OLD MULES

These mules were bought by my agents as weanlings by side of dams at various "Court days" in different parts of Kentucky, among the places being Harrodsburg, Carlisle, Williamstown, Georgetown, Cynthiana and Mt. Olivette.

They are typical Kentucky mules, being well boned, rugged and stylish. Will weigh when mature from 1,100 to 1,300 pounds, and have never had any colt diseases. They have always had the run of my bluegrass pastures together with ample barn room located thereon. In addition to grasses they have had grain as required, and at present are receiving about \$50.00 worth of hay and grain per day.

Taken altogether they are a very promising lot of youngsters, but they must be taught to do their "bit" for the world's democracy; and I am sure, at any price, with decent handling, they will more than pay their board and expenses. I would rather "break" five mules than one horse colt. Remember that mules are good to eat, good for leather and good for fertilizer, and will do an equal amount of work with a horse on half the feed and attention. MUST be worked every day to do well.

If you have an odd mule bring it along. You match and price and I will "give or take." Here is the place to buy matches that will always be matches. There are places on the farm for motors, but these mules will work ANY PLACE. Persons in this section about to take the "Farm Motor Fever" should, by all means, visit those with experience. How do you get on without at least one pair of mules? Come and see the mules or phone Exchange, Washington C. H., Ohio, Automatic phone 12255. Individual Bell 317-R1. Always at home except on Sundays.

"Y" BITES DUST IN A FAST GAME WITH WASHINGTON HIGH

Blue and White Has Long End of 41 to 18 Score—Seniors Defeat Sophs. 4 to 0 and Juniors Win in Game With Freshmen.

The Washington High School basketball team Friday night retrieved their defeat of a week ago Friday night, by defeating the local Y. M. C. A. 41 to 18 in a slashing game.

It was evident from the start that the High School team had the "Y" bunch outclassed, but nevertheless the "Y" team fought it out. The "Y" team is famous for its long shots, but could not work them on the high school floor.

Lewis and DeWees at right and left forward respectively for the blue and white, were able to shoot field goals in a very satisfactory manner. They made so many points that Coach Pyley was afraid that the scorekeeper would wear out his pencil marking them up, so he yanked them out and put in two second string men, Reif and Wilson. Boots, W. H. S. center, playing in his usual hard luck, was hurt and taken out at the end of the first half. Willis, left guard and center, made three field goals besides doing some excellent guarding.

Hays and Sollars, left forward and center for the "Y," were equal in scoring. Each made three field goals and two fouls.

The line-up for Washington High School was: Lewis and Wilson, rf; DeWees and Reif, lf; Boots and Willis, c; Barnett and Pugsley, rg; Willis and Laughlin, lg.

The line-up for the "Y" was: P. Smith, rf; Hays, lf; Sollars, c; O'Brian, lg; and Lloyd, rg.

The referee was Myers, the timekeeper Rearden, and the scorekeeper, Hall.

STAGE TWO GAMES.
 Two very interesting games were staged between the Senior and Sophomore girls, and the Freshmen and Junior girls. The Senior girls won over the Sophs. 4 to 0, a very small margin. The Junior girls defeated the Freshmen 10 to 6.

The Juniors are now the leaders for the inter-class championship, having won two games and lost none. The Seniors are second with one won and no defeat. The Freshmen have won none and lost one, and the Sophs. have lost two and won none.

The line-up for the Juniors was: Rosalie Slagle, rf; Mary Gasey, lf; Helen Baker, first c; Jessie Sunkel, second c; Mary Reno, rg and Edna Winninger, lg. The Freshmen line-up was: Maxine Kibler and Avonella Timmons and Mary Holmes, lf; Mary Hegler and Bernadine Norris, first c; Ruth Brown and Lavon Kelley, second c; Mary Foreman, rg; and Mable Melson, lg.

The Senior line-up was: Martha Minnick, rf; Chloe Anderson, lf; Beatrice Porter, first center; Eleanor McClain, second center; Mary Persinger, rg; and Georgia Taylor, lg.
